In an Effort to Prevent Further Spread Of the Dread Disease Diph heria.

Ogden, Utah, Nov. 11 .- "No cause of action," was the verdict of the jury yesterday afternoon who heard the case of Mary Lynch against Ogden City, suit brought to recover \$3,000 alleged to be due for personal injuries sustained by the lady last January by falling into a ditch dug across the sidewalk on Twenty-sixth street, near Wall avenue. There was no doubt in the minds of the jurors that Mrs. Lynch met with serious injuries to her leg which will be permanent, by falling in the unprotected ditch, but the fury held from the evidence that the jury held from the evidence that the ditch was not dug by Ogden City,, but by a private individual to drain his land, therefore the city was not responsible for the unfortunate accident, hence the verdict of the jury.

Immediately after the completion of the Lynch with the care of O. P. Parent with the ca

TAXES COMING IN SLOWLY. Although only four more days main for the payment of taxes this year before they become delinquent, only a little more than one-fourth of the taxes have been paid. Up to last night County Treasurer Alma D. Chambers had collected but about \$120,000 of the 1905 taxes, leaving \$306,000 yet to e collected. The next few days will witness a great rush at the treasurer's office. Most of the merchants through-out the city have left the payment of their taxes this year until the present time, thus making it very hard for Mr. Chambers and deputies to collect the balance of the taxes, to be paid be fore the delinquent tax list is prepared. The tax books will be kept open a day or two past the 15th to accommodate the farmers, who have been raising beets and will not get their pay from

the sugar factory management until about the 17th of the month. R. G. W. SECURES MORE PROP-
